

CURRICULUM VITAE

Personal data: -

Name: KHALID ABUFALGHA

Place and date of birth: 25/07/1970 MISRATA- LIBYA

Nationality: LIBYAN

Marital status: MARRIED

Work address: Misrata Central Hospital,
R. Sweheli st.
P.O.Box. 1369, Misrata- Libya.
Email: info@misratahospital.med.ly
Tele.: +218 512 613456, 512 629810
Fax: +218 512 616003, 512 614867

Email: kabufalgha@yahoo.com

Mobile phone: +218 91 3666858

Qualification:

Primary school: Kerzaz School, 1982 Misrata – Libya.

Preparatory school: Kerzaz 1985 Misrata-Libya.

Secondary school: Misrata secondary school of basic science 1988, Misrata-Libya.

Graduation: MBBS April, 1995 Arab Medical (Benghazi) University, Benghazi-Libya.

Post-graduation: Italian Diploma Of specialization in Diagnostic Radiology, 2005, Pisa University –Italy.

Languages:

- English: fluent speaking and writing.
- Italian: fluent speaking and writing.
- Arabic: Native speaker.

Current Post:

Consultant Radiologist since Jan. 2007 to date, Misrata Central Hospital, Misrata-Libya.

Director, Radiology and Medical Imaging Department, Misrata Medical Center since 01/02/2007 to date.

Founder & Director of Radiology and Medical Imaging Department, Misrata University, Medical school Misrata- Libya, from September 2007 to date.

Head of the Examination Committee of Radiology Libyan board of specialization from Mar. 2012 to date

I am currently working as a consultant radiologist in a central hospital of 500 beds capacity our approximate daily work load is 50 ultrasound examination, 25 CT scan, and 15 MRI examinations.

I have 5 on call duties monthly, and second call service when needed.

As role of clinical director of the department, I am involved with the daily management, and organization of the department's activity.

In the faculty of medicine I have a weekly lecture to medical students, 16 hours of practical teaching and 8 hours of tutorials in academic year, as well I have the role of teaching and supervising the internship doctors (FY1 equivalent) in my department, and as a part of my responsibilities in the department, I prepare the lectures time table, organize the staff members schedule, preparation and management of the mid term and final examinations for the undergraduate students.

Previous training and experience:

Post-doctoral training:

Enrolled in Master program at Pisa university entitle oncologic imaging since Nov. 2019

IAEA, TC- fellowship grant in nuclear medicine, Radio-guided surgery, and PET-CT scan,

Nov. 2005-Nov 2006 at Pisa University Nuclear Medicine regional center.

Specialization residency training program: Nov. 2001-Oct. 2005, Pisa University, and Pisa high specialization university hospitals “Referral Hospital”.

I obtained the qualification of specialist in “Diagnostic Radiology” with the grade (110/110 cum laude) on October 2005 after I completing four years of training (2001/2002-2004/2005), and I have successfully passed yearly interim examinations and completed the corresponding amount of practical professional training, and after completed and discussed a research thesis of “Characterization of adrenal focal lesion with MRI “Role Of Diffusion Weighted Sequence”.

The training curriculum consists of receiving the patient, history taking, explanation the justification and risks of the technique and IV contrast adverse effects, preparation of the patient, conduction of the procedure, and finally reporting the examination after discussion with supervisor, assistance in all interventional procedures in full days duty 6 days week, including night duties, and management of emergency cases, eleven months a year with 30days annual vacation.

My Residency Program is detailed below:

June 2005-October 2005: CT & MRI unit involved in performing and reporting of CT including CT guided biopsy & RF ablation & MRI examinations. Cisenello -Pisa University Hospital.

Jan. 2005- June 2005: CT & MRI unit, involved in performing and reporting of CT including CT guided biopsy & RF ablation & MRI examinations. S. Chiara & Cisenello- Pisa University Hospitals

June 2004-Jan 200: Gastrointestinal & Genitourinary unit involved in performing and reporting GIT & GUT examinations. Santa Chiara- Pisa University Hospital.

Jan. 2004-June 2004: CT & Breast imaging units, (US, FNAC, mammography, Stereotatic biopsy, breast MRI), execution & reporting of radiological examinations. S. Chiara, Pisa University Hospital.

June 2003- Jan.2004: chest & musculoskeletal units, involved in performing and reporting of all radiological examinations. S. Chiara, Pisa University Hospital.

Feb. 2003- June 2003: MRI & Eco-color Doppler unit involved in performing and reporting of MRI & vascular ultrasound examination, Cisenello Pisa University Hospital.

April 2002 – Feb 2003: CT & ultrasound unit involved in performing and reporting of CT & diagnostic & interventional (biopsy, PEI, RF, contrast US, FNAC) ultrasound examinations. Cisenello, Pisa University Hospital.

Nov. 2001- April 2002: Ultrasound unit, involved in performing and reporting of ultrasound examinations. Cisenello, Pisa University Hospital.

April 2001 – Oct. 2001: Italian language course at Foreigner university of Perugia.

SHO in Radiology & Imaging Dept. Misrata Teaching Hospital. Jan 1997- Apr.2001.

PRHO: June 995- May 1996, 12 months in Tripoli Teaching Hospitals during Which I rotated to General Surgery, Orthopaedics, General Medicine, Paediatrics, Gynaecology, and Family and Community Medicine.

Academic experience:

As part of my residency program of the Italian Board of Radiology I have regularly attended formal and informal teaching and training sessions. As part of this I have enjoyed preparing and delivering both case presentations and journal clubs for meetings, I have also participated in the teaching of medical students, technicians and SHO's, which I enjoyed.

Since June 2007 I have been a Lecturer in Diagnostic Radiology, at Misrata University, Medical school.

Clinical experience:

I attend a full time hospital based activity with a high level of responsibilities being actively involved in the daily management of all inpatients and out patients including emergency calls, in conventional radiology, contrast studies, ultrasound, CT scan, and MRI examinations.

Management experience:

Member of Misrata Transitional Local Council since Mar. 2011 to Mar. 2012

Member of Misrata Medical Crisis Committee since Feb. 2011 to Mar. 2012

Head of the examination committee of Radiology Libyan board of specialization from Mar. 2012 to date

Director, Radiology Department Misrata Central Hospital, Feb.2007 to date.

Director, Radiology Department Misrata University, Medical school, Oct. 2007 to date.

Head of the Examination Committee of Radiology Libyan board of specialization since Mar. 2012 to date.

Head of crisis committee at Misrata central hospital 2014-2016

Member of the National Council For Civil Liberties & Human Rights since May 2015 to date.

Co-founder of Misrata against Covid 19 virus team March 2020.

Member of scientific committee at Misrata high committee against Covid 19 virus, since March 2020 to date.

Member of Scientific Advisory Committee against Covid 19 virus at Misrata municipality Aug. 2020.

Member of Misrata medical center committee against Covid 19 virus since March 2020 to date.

Courses & meeting attended:

- Radiological society of North America, Chicago USA. 99th RSNA meeting.
- European Congress of Radiology Vienna, Austria. 19th, 20th ECR- 2013, 2014.
- Second congress of Arabic Radiological society of Radiology, Alexandria 21-24 April, 2009.
- 25th International Congress of Radiology, Marrakesh, June 5-8 2008.
- First congress of Arabic Radiological society, Amman dead sea, Jordan April 24-29,2007
- Under 40 Nuclear Medicine, CNR, Pisa March-September 2006
- V National Congress and Course on Radio-guided Surgery (GISCRIS) “From Clinical Experimentation to the Standard of Care” Montecatini Terzi November 24-26, 2005.
- Advanced Course Multislice spiral Abdominal CT scan. Pisa, September 22-24, 2005.
- Congress and Course “UPDATE ON MUSCULOSKELETAL IMAGING: JOINTS, SPINE BONE TUMORS” Resnick Course III, Milan 23, 24 June 2005.
- Advanced Course On Virtual Colonoscopy, Pisa, June 9-11, 2005.
- ESGAR 2005 16th Annual Meeting and Postgraduate course Florence, Italy, May 28-31, 2005.
- Management Of The Data, and Images In Radiology, Pisa, May 3-10, 2005
- Advanced Course on Multislice spiral Chest CT scan. Pisa, April 14-16, 2005.
- Advanced Course Abdominal On Magnetic Resonance Imaging, Pisa, February 17-19, 2005.
- Liver tumors congress, Viareggio -Italy
- Erasmus Courses On Magnetic Resonance Imaging “ European society of magnetic resonance imaging” (Abdominal MRI) Pisa, May 18-21,2003

- IX World Congress of Ultrasound (WFUMB) - Florence, May 6-10, 2000, and MASU (Mediterranean and African Society of Ultrasound) Course.

Publication:

I have delivered many presentations. These have taken place within the dept., and also participated on scientific works in dept. which had been presented on European congresses. I have regularly presented on Power Point, and would feel competent and confident in performing a presentation on this medium to a wide audience.

1- Role of Dynamic MRI in the Assessment and Follow-Up of Charcot's Foot, ESSR 21st Annual Meeting, July 7-9, 2005 Oxford, UK.

2- Osteoid Osteoma: Role of Dynamic MRI in Definition Of The success After CT guided Radiofrequency Thermal Ablation, ESSR 21st Annual Meeting, July 7-9, 2005 Oxford, UK.

Audit:

Having completed an audit course I am competent in understanding the audit cycle. I understand that clinical audit is the systematic critical analysis of the quality of medical care and that it can thus be used to ensure that standards for the ongoing care of patients are observed appropriately implement necessary changes.

Computer skill:

I am competent in using several word processing packages, spreadsheets databases and power point. I'm also competent in literature searches like Medline, and I have experience in Electronic patient records.

Professional membership:

Member of Libyan Society of Ultrasound in Medicine and Biology (LSUMB).

Founder member of the Libyan Association of Radiology and Medical Imaging (LARMI).

Member of Mediterranean and African Society of Ultrasound (MASU).

Member of Pan Arabic Radiological Society (PARS).

Corresponding Member of European society of Radiology (ESR).

Member of European society of oncologic Imaging.

Member of European of hybrid molecular and transitional imaging.

Personal Statement:

I have very good communication skills, and interpersonal skills, I am a reliable and compassionate team member. I am extremely well organized and highly motivated to both direct myself to learning new skills and encourage and motivate others within in the team.
